

## Miami-Dade CoC TBRA Program

### Radon Gas Notification

We would like to bring to your attention that Florida landlords are required to provide you with the following Radon Gas Notification pursuant to Fla. Stat. Ann. § 404.056:

“RADON GAS: Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county health department.”

The United States Environmental Protection Agency (EPA) and the Surgeon General of the United States have recommended that all houses be tested for radon.

For more information on Radon testing, call the toll-free National Radon Information Line at 1-800-SOS-RADON or 1-800-767-7236.
